DIRECT VENT GAS FIREPLACES

B36S DIRECT VENT GAS FIREPLACES

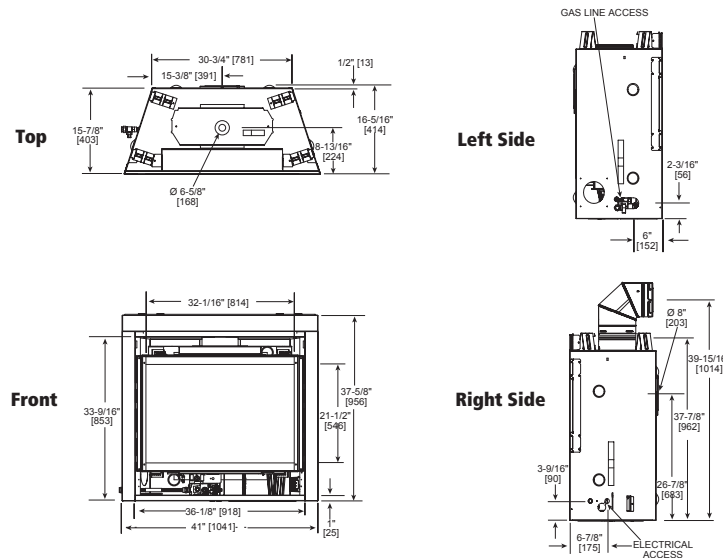

Features

- 414mm profile - perfect for smaller space requirements
- Standard firescreen front, eliminating glass glare and providing a measure of protection from accidental contact
- Standard Intellifire Ignition system with wall switch operation saves on running costs with pilot light operational only when fire is switched on.
- Flex line and gas shut off for fast plumbing rough-in
- Choice of 3 or 4 sided 110mm 'bevelled edge' black surround
- Top or rear venting direct vent balance flue ensuring indoor air quality
- Balanced Direct Vent™ flue from either the top or rear of the appliance
- Direct Vent™ ensures 100% air required for combustion comes from outside the home and 100% exhaust is expelled - ensuring your air quality is unaffected and safe

Dimensions are in inches and millimeters. Product information provided is not complete and is subject to change without notice. Product installation must adhere strictly to instructions accompanying product. We recommend measuring individual units at installation. Assumes the use of 1/2" Sheetrock. NOTE: Combustible material should not be installed over the face. Make sure you do NOT cover the decorative door opening. Refer to installation manual for detailed specifications on installing this product. Hearth & Home Technologies reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Actual product appearance, including flame, may differ from product images.

Efficiency Ratings

RATING	B36S	B36S
Steady State	81.3%	81.3%

B36S with custom black granite

Steady State - Since most homeowners use their fireplaces for an extended time while they are in the room, Steady State measures how efficiently your fireplace converts fuel to heat once it is warmed up and running in a "steady state."

Limited Lifetime Warranty¹ The strongest in the industry, Hearth & Home Technologies provides a limited lifetime warranty on gas-burning products of the most important aspects: firebox and heat exchanger.

¹ For full warranty details see owner's/install manual.

The information provided in this literature is for planning purposes only and subject to change. Please consult the installation manual for actual installation. Actual product appearance may differ from product images.

Fireplace glass and other surfaces get extremely HOT and can cause severe burns if touched. Do not remove the protective safety screen from the front of the glass. Keep a safe distance away. To learn more visit www.hearth.com/fireplace-safety.
